Noah Primeval will keep you on the edge of your seat with its primal struggle of good and evil. Written by respected Christian and best-selling Biblical author, Brian Godawa. It's not inspired, but is it useful for historical context? I'm glad I stuck with it though, as everything in the story matters. Lastly, I have Noah Primeval. It feels like a good idea, but didn't interest me too. Written by respected Christian and best-selling Biblical author, Brian Godawa. I really enjoy reading books of the Bible in this way, where people are in a real with This Book. Story lacks character depth, probably assuming the reader already knows something of the characters, such as Noah's family.
