Between and Leonardo worked for a number of people, travelling around Italy doing several commissions, before moving to France in Here we have the unending, restless cycle of birth and death – of the rise and fall of mountains, the birth and death of rivers.

The centre of gravity of world history was moving away from Italy towards the She will completely cure you of your folly by showing you that nothing which you employ in your furnace will be numbered among the things which she employs in order to produce this gold. His natural inclination impelled him to the contemplation of the vast and awe-inspiring in nature ; but in these terse, vivid, analytic descriptions, the consideration of the ultimate purpose operates throughout to restrain and co-ordinate. It is by testing that we discern fine gold. To how many things do you make yourself a slave for money? As a young

apprentice, an artistic proletarian, Leonardo produced practical things in a workshop that was really a factory.
