After conquering Earth the founding Golds of "The Society" used genetic engineering to cause members of each Color to have hair and eyes to match their caste. The early Ottoman Turks led by the first Ottoman Sultan, Osman I carried red banners symbolizing sovereignty, Ghazis and Sufism until, according to legend, he saw a new red flag in his dream inlaid with a crescent. When the days of autumn are bright and cool, and the nights are chilly but not freezing, the brightest colorations usually develop.

While the genetic engineering is fairly perfect, the social engineering is sp. Although I read this as an ARC from Bloodhound books, all thoughts and opinions are entirely my. But staying away from Tate is not an option, not only because he's attracted but because he has his own kind of revenge to . It has to be said that our leading pair don't exactly hit it off. A valentine from Lists with This Book.
