The New World begins with Viola and her parents aboard the landing ship and finally seeing the New World with their very own eyes. The novel opens in the World State city of London in AF After Ford AD in the Gregorian calendar where citizens are engineered through artificial wombs and childhood indoctrination programmes into predetermined classes or castes based on intelligence and labour.

I started reading this book in a bookstore in Japan Town in San Francisco and did

The New World Chaos Walking 0. Ostensibly a fantasy series, these books cross over into the urban fantasy and horror genres, taking two people a biker and a history scholar from modern day California and plunking them down on a world in another dimension where magic exists and an ancient evil known only as The Dark has burst from below the earth, threatening to wipe out the entire civilization.

Excerpt from It's A Wonderful Book World. But perhaps I was reading too deeply into it.
