The inhabitants of Flatland are all geometrical figures: social pedigree is conferred by the number of sides one has, the lowliest being the isocèles triangles the soldiers and the highest being the circles the priests. Thus, the Square attempts to convince the realm's monarch of a second dimension; but is unable to do so. The Strange Case of Dr. Make this your default list. Imagine living in the second dimension, flat minds in a flat world with flat dreams. Many of our books are available through library electronic resources including In.
